MASONS THROG ADA TODAY FOR LODGE JUBILEE

First Crowds Arrive Early
This Morning; Throng
Increases.

HOTELS ARE FILLED

Barbecue at Glenwood Park
at 6 p. m. to be Big
Feature.

Reports from registration
headquarters at 2:30 this after-
noon said 1600 Masons had
been given tags. Enrollment
of visitors was still under way
and the number now is certain
to pass all expectations.

Preliminary registration of
visiting Masons had reached
near the 400 mark at 12:30
this afternoon, thirty minutes
before the hour announced for
official registration to open.
Every train into Ada early
this afternoon brought scores
of men wearing the square and
compass. Officials of the lodge
here were predicting at 1
o'clock a considerable increase
in first estimates on probable
attendance.

Early morning trains Tuesday
brought the first vanguard of big
crowds of Masons and their fam-
ilies from all parts of the county
to be guests of the local masonic
and Eastern Star lodges for Masons' Day here.

Details of visiting lodgements from
surrounding counties are expected
to arrive in Ada later in the day.
Prospects for the biggest lodge cele-
bration in the history of the city
loomed strong at noon today shortly
before registration of visitors opened
at the Hensler and Smith drug
store. Although no official estimate
could be made this morning as to
probable attendance it is thought
that it will reach the 1000 mark,
exclusive of local Masons and East-
ern Star members who will partici-
pate in the celebration.

Members of the Masonic enter-
tainment committee were meeting
trains this morning and escorting
visitors to hotels where they were
to make their headquarters until
events of the program opened this
afternoon. Every hotel in Ada said
early in the day that they expected
their guest lists to run high before
the middle of the afternoon. Big-
gest visiting delegations are expect-
ed from Stonewall, Roff, Francis
and Allen lodges and others will
come from Fitzhugh, Bebee, Vanoss,
Lawrence and other points in the
county. Word that a delegation of
Masons and their families from Hol-
denville would be here for the festi-
val was given out unofficially this
morning.

Mayor Opens Towns
Mayor Gay Kitchens completed
preparations last night for handing
over the city to visitors today.
Every citizen of Ada has been asked
to extend all hospitality that the
town affords to her guests and no
pains will be spared today and to-
night to make Masons, their fami-
lies and friends welcome. The pro-
gram were the ball game at Fair
Grounds park between Ada and
Asher. This will start at 2 o'clock.
At the same hour, a free matinee
will open at the McSwain theater.
Badges given out at registration
headquarters served as tickets to
these entertainments. Glenwood park
swimming pool was turned over
completely and the Ada high school
band was to start a concert at the
park at 4:30.

Ada chapter of Order of Eastern
Star will give its annual Robert
Morris Anniversary program at the
park at 5 o'clock this afternoon.
This will be open to the public.
At 6 o'clock Masons and their fami-
lies will enjoy a barbecue supper
at which several beaves will be of-
fered upon the altar of hospitality.
The Masonic Service program
which will start at 7:30 p. m. will
end the day's program. This, also,
is open to the public.

Dismukes Murder Case Arguments Will Cease Today Is Prediction

(By the Associated Press)
POTEAU, Aug. 30.—Arguments
in the murder case of P. P. Dis-
mukes, accused of the killing of his
son-in-law, Orpreus Varner, over-
seas veteran and commander of the
local post of the American Legion
are expected to close this afternoon.
F. Morton Rutherford of Muskogee
made the final argument for the
defense this morning, his presenta-
tion requiring the entire morning
session.
Judge J. J. Brown of Stigler is to
make the final argument for the
state this afternoon. He will speak
two hours.

K. K. K. IS ASKED TO MAKE MARRIED COUPLES BEHAVE

Ku Klux Klan of Ada, here
is a tip for you.
It came to the News office
late Monday in a special deliv-
ery letter, both the address
and the message being type-
written. The note was labeled,
"A suggestion to the K. K. K."
and was written on a yellow
correspondence card which
matched the envelope.

The message said: "As you
have made your appearance
in this district, would sug-
gest that the first good turn
you would be to issue warnings
to the married men and wom-
en of this city to pay more
attention to their husbands and
wives instead of so much to
other men's wives and other
wives' husbands. I personally
have no doubt that this is the
greatest vice practiced in this
community. If this suggestion
is given attention, I am be-
hind the K. K. K. to the last
ditch.

Yours Very Truly,
"A Friend of the Klan."
The note had been written
once, erased, and rewritten.
The envelope bore an Ada post
mark.

GERMANY IS UNDER MARTIAL LAW PLAN

Insurrection and Sedition
Given Penalty in New
Decree.

(By the Associated Press)
BERLIN, Aug. 30.—Germany
was today under restriction closely
related to martial law as a result
of a decree late yesterday by Pres-
ident Ebert. Meetings, processions,
demonstrations and issues of pub-
lications "likely to encourage sed-
ition" were forbidden in the de-
cree and all were warned that
"any and all insurrections would
meet with extreme severity."
The majority of independent soci-
alists have made formal demands
on Chancellor Wirth that the de-
cree be rescinded. The anti-republican
act can be restricted by the govern-
ment, and organized labor infor-
med the Chancellor that it was pre-
pared to "defend the republic."
The decree issued by the Presi-
dent became effective on publica-
tion.

Harding Turns Down Lewis' Petition to Call Mine Meeting

(By the Associated Press)
WASHINGTON, Aug. 30.—Presi-
dent Harding has declined to ac-
cede to requests of J. L. Lewis,
president of the United Mine Work-
ers of America, for a conference be-
tween operators and miners to
thrash out the West Virginia coal
trouble.

While the text of the president's
reply to Mr. Lewis was not made
public at the White House, it was
said the president had informed
Mr. Lewis that he saw no necessity
for a conference, inasmuch as a
special senate committee would
meet at Williamson, W. Va., on
September 19, to hear further testi-
mony.

Governor Morgan's second request
for federal troops for service in
West Virginia was before President
Harding and Secretary Weeks today
for consideration.

Information as to whether federal
troops would be sent now will
await the conference to be held at
the White House at 2 o'clock this
afternoon.

OKLAHOMA WEATHER

Tonight and Wednesday general-
ly fair.

Contract Let For \$3,250 Memorial to Start Soon

An announcement was made to-
day by Dr. A. Linscheid, president
of the East Central State Normal,
that a contract has been let to
W. A. Hill, local contractor, for
the construction of a Memorial
Gateway at the Main Street entrance
to the East Central State Normal
grounds. The committees appointed
by the Lions Club, Chamber of
Commerce and Normal have accept-
ed plans and let the contract. Total
cost of the memorial will be
\$3,250.

The base of the two large six
foot square pillars will be on Car-
thage stone and the body of the
pillars will be of Bedford stone,
harmonizing with the pillars of the
Normal administration building bal-
cony. Each of the two pillars, six
feet square and twelve feet high,
will be located on either side of the
walk from the main steps of the
administration building. Just in-
side of the regular walk on Fran-
cisco avenue. Leading off from these

600 FOREIGNERS WILL TAKE OATH OF CITIZENSHIP

Naturalization Class to be
Made Voters at Vet-
erans' Meet.

PLAN FOR PAGEANT

25,000 Veterans of Wars
Expected to Attend
Encampment.

(By the Associated Press)
DETROIT, Mich., Aug. 30.—Ad-
ministering of the oaths of allegiance
to a naturalization class of 600 by
Federal Judge Arthur J. Tuttle dur-
ing a public Americanization program
at the Michigan State Fair grounds,
will be one of the outstanding fea-
tures of the national encampment
of the Veterans of Foreign Wars
in Detroit, Sept. 19 to 24.

The organization is placing much
stress on Americanization, and plans
as a preliminary feature a pageant
in connection with its encampment
parade. The pageant will review
American progress from the landing
of Columbus to the present day.

Officers of the organization are
planning on an attendance at the
national convention of from 20,000
to 25,000. To provide billets for
those who cannot find hotel accom-
modations from 5,000 to 6,000
beds will be provided at the state
fair grounds. The fair grounds will
be the scene of the principal activi-
ties of the encampment, including
a sham battle, a national athletic
meet under auspices of the A. A. U.,
boxing contests, a baseball game,
the Americanization program and
the reunions of various units of
veterans of foreign war service.

Lieut. Col. A. F. Wenzel, of De-
troit, assistant chief engineer of
the Michigan Central railroad and
formerly of the Sixteenth Engineers
will be a candidate for commander-
in-chief of the national organization.

One of the interesting features
planned for the encampment will
be a baseball game between teams
representing the American Legion
and Veterans of Foreign Wars.
Harry Heffman and Ty Cobb, swat
kings of the American League are
legion members and will be asked
to recruit the Legion team for
major league circles, if possible and
Col. Tim Huston, one of the owners
of the New York Yankees, will take
upon himself the mustering of the
Veterans' outfit.

Assurances have been received
that Canadian war veterans in good
numbers will cross Detroit river
to fraternize with their American
allies.

HUNGARIAN TREATY IS SIGNED BY COMMISSIONER

(By the Associated Press)
BUDAPEST, Aug. 30.—The treaty
of peace between the United States
and Hungary was signed here yes-
terday afternoon by Foreign Minis-
ter Banffy and Grant Smith, United
States Commissioner here.

The peace treaty signed in Bud-
apest brings to an end the technical
state of war between the United
States and the countries constituting
the Central Empire of Europe.
On Wednesday of last week a treaty
was signed at Venice by representa-
tives of the United States and
Austria and following a peace con-
vention was executed in Berlin be-
tween the United States and Ger-
many.

No detail of the peace accord
entered into with Austria has been
made public, but it is understood
that both the Austrian and Hun-
garian conventions followed closely
the lines of the treaty with Ger-
many.

WHO'LL BUY A GERMAN WAR DOG AT BARGAIN?

BERLIN, Aug. 30.—The
German government is selling
off its war dogs. It has a
large number of wounded and
has offered them to the public
at a price to be fixed by a
valuation commission com-
posed of veterinarians.

Many of the dogs are said
to be too old for war work
and others have been sick so
long that the army officials
have despaired of their ever
being able to engage in active
service again, should such
service be required.

The public, which appears
greatly attached to the lively
and ferocious "police dog,"
has nevertheless, displayed
little interest in these canine
veterans.

MUSIC HAS CHARM FOR TIRED NERVE

Ada Business Men Relish
Phonograph Strains Say
Local Dealers.

It may be soothing and soft in
tone, or it may be of fast time and
of a noisy nature—or still it may
be the more classical type—but
whatever kind it is, music is adopt-
ed by many as one of the best tonics
that can be taken, according to
local dealers in all kinds of music.
Phonograph music is preferred here,
however, music dealers say.

In many cases business men of
the city go to music stores and sit
for a few minutes each day listening
to the kind of music that appeals
to them. Some want jazz, others
sacred, and some vocal music. Dance
selections are popular with some
and band and loud instrumental
selections to others. The man or
woman may sit for several minutes
without speaking, or moving, then
get up and pass out, music clerks
said.

Music dealers and those who are
best acquainted with the effects of
music on the mind, say this helps
the men even more than a tonic or
stimulant. He becomes tired of
mind, weary of body and resorting
daily to music helps him improve
his tired mental facilities.

Has Regular Audience

One concern has regular "cus-
tomers" who make weekly, or twice
weekly and sometimes daily visits
to their shop to listen to the se-
lections. One day they want fast
loud music. On other days, espe-
cially rainy, gloomy days, they pre-
fer cheery gay music. Selections of
soft, well rendered vocal or instru-
mental pieces are also acceptable.

A well known national music
magazine recently ran an article
on the future of music. One para-
graph of the article stated that
music would eventually take the
place of strong drink. The reason
given was that most drinkers took
the "stuff" to soothe or quiet their
nerves or afford a kind of enter-
tainment. Music, the writer believed,
would be able to take its place in
this way and would gradually grow
to hold a more important place in
the life of every member of
the family.

Nearly every home has a musical
instrument of some kind, it is
pointed out. Better talent is de-
veloped every year. Men preferring
music to other kinds of entertain-
ment have learned the better things
of life, one dealer said.

FRENCH DUBBED FINANCIAL NUT BY WORTHINGTON

(By the Associated Press)
CHICAGO, Aug. 30.—Stating that
Charles W. French was a "financial
nut" and declaring that "he would
not know a good promissory note if
he saw one," J. W. Worthington
indicated today that he would tell
the government what he knew of
French's operations.

His action is said by some to
indicate a break between French,
the alleged chief of a \$5,000,000
"swindle trust," and the reputed
head of a \$6,000,000 group of mail
robbers, and Worthington.

"They made a mountain of a
mole hill, a peacock of a canary
bird, an ocean of a drop of water,
from a grain of sand they con-
structed a Sahara Desert," the
United States District Attorney here
made a King George." Worthington
declared.

1,000 MEN ARE READY FOR EMERGENCY TODAY

(By the Associated Press)
LOGAN W. VA., Aug. 30.—More
than a thousand men, made up
of two companies of the state police
a host of deputy sheriffs and the
remainder armed voluntary citizens
from all over Logan County, were
ready, they said today, for any
eventuality which might grow out
of the fight last Sunday morning
between state troops and a band
of armed men on the East slope
of Spruce Fork Ridge, east of here.

SCHOOLS FACING HEAVY ESTIMATE SLASH FOR YEAR

\$18,000 Lopped From First
Budget by Excise Board
in Trimming.

STEP NOT VOLUNTARY

County Schools Also Must
Cut Expenses, Floyd
Declares.

City schools must be content with
approximately \$18,000 less than the
amount called for in the estimate
submitted by the city for the year,
according to a decision arrived at
Tuesday by the county excise board
as it completed its annual grind.

This action, it was explained, was
not a voluntary move on the part
of the excise board but merely an
imperative step to keep the esti-
mate within the six mills limit. Ap-
proximately \$120,000 was called for
in the original estimate for city
schools and only about \$102,000
is allowed in the approved estimate.
This leaves city schools confronted
with the necessity of curtailing their
expenses somewhat or slashing off
part of their term. The latter al-
ternative is out of the question,
school authorities said this after-
noon.

Rural schools also are placed in
the same boat with city schools,
County Superintendent A. Floyd
said. They will of necessity limit
their expenditures for the year and
will steer clear as much as possible
of the necessity of shortening their
term. Complete reports for county
schools have not been made up, Mr.
Floyd said, but all figures will be
announced within the next few
days, possibly by Wednesday.

A proposal for adding \$4,290 to
the county estimate for the pur-
pose of holding a free county fair,
\$250 for holding county poultry
show, and \$720 to pay salaries of
the deputy court clerks at Allen
and Roff for the years of 1921 and
1922 was submitted by the excise
board in official publication made
Tuesday.

In addition to this a published
proposal to add \$1,000 to the city
estimate for the purpose of paying
for an audit of city books was
made.

Hamon Insurance Ranked Third in U. S. Last Year

(By the Associated Press)
MUSKOGEE, Aug. 30.—Only two
estimates in the United States col-
lected a greater amount of life
insurance in 1920 than the bene-
ficiaries of Jake L. Hamon of
Admorr, former national republican
committeeman, according to the an-
nual report of the insurance depart-
ment made public today.

Hamon carried \$665,000 in life
insurance, the report stated. This
was \$35,000 less than that carried
by Wallace Pierce of Boston and
\$61,000 less than that carried by
Richmond Levering of New York,
according to the report.

ALLEGED MOTOR BANDITS OFFERS NO RESISTANCE

CEDAR RAPIDS, Iowa, Aug. 30.
—Bernard Sevassuer, white, who
gave his home address as Boston,
and Carl Hardin negro who said
Leavenworth, Kansas, was his home,
alleged motor car bandits for whom
a posse of 45 armed men
searched all last night were cap-
tured two miles west of Marengo.
They were hiding in a field.
Although armed they offered no re-
sistance.

SIOUX CITY HOLDUPS GET VALUABLE DRAG

SIOUX CITY, Ia., Aug. 30.—Two
masked bandits obtained \$3,000 in
diamonds, money and other valu-
ables in a daring hold-up of an
auto party early this morning. It
was reported to police.

WELCOME, BROTHERS!

Brother Masons, on behalf of the citizenship of Ada and
Pontotoc county, we welcome you to our city. We hope your visit
will be pleasant, profitable and instructive. We hope that in ming-
ling with those who have been taught to spread the cement of
brotherly love we will appreciate more than ever before the great
tenets of the faith.

In a time like this when clashes occur between so-called classes,
when the economic structure which has been built through cen-
turies is being sorely tried, when passions oftentimes override
calm reason, it is particularly fitting that we come together and
seek the best that is in one another. And after all, this state, this
nation, civilization itself must be preserved, if they are preserved,
by brotherly love, such as our fraternity has brought down from the
building of King Solomon's temple.

Ada wants to make you feel at home. Have a good time.
And when you go, it is our supreme hope that you will leave with
us a strong desire for better and greater things, a desire to live ac-
cording to the precepts and faith of Masonry. If we do live this
way, we know that when our time comes to see what lies beyond
the grave, we shall lie down in peaceful dreams.

JAILOR MUST ACT MANY ROLES FROM WARDEN TO NURSE

Throwing a prisoner into
the "lock-up" and letting out
when his sentence has expired
is not the extent of a jailer's
worries.

Officers of the county sher-
off's force have found that
these duties, indeed, make up
but the smaller end of the re-
sponsibilities attached keeping
a county jail. In addition to
furnishing prisoners with all
the news and gossip of the
day, running errands for the
better ones occasionally, and
feeding them through the
cage, a jailer nowadays must
even turn nurse once in a
while if he keeps his little
"family" intact and happy.

Only this week, officers of
Bob Duncan's force found oc-
casion to do this. A dope
fiend had been confined in the
jail several days and had
reached a "desperate" condi-
tion. By fabricating an unusu-
al story he secured possession
of a piece of wire and was in
the act of hanging himself
when the jailer appeared on
the scene. Then he became too
limp to walk and had to be
carried back to his bunk.

TWO LOSE LIVES IN STREET RIOT

Belfast Fighting Reported
to be Waxing Warm
Tuesday.

(By the Associated Press)
BELFAST, Aug. 30.—Street fight-
ing which has been in progress
since yesterday afternoon became
violent after 1 o'clock today, the
hardest being reported in the side
streets near the Duncairn gardens
and North Queen streets.

One laborer was killed and several
others were wounded includ-
ing an army sergeant. Civilian
placed sand bags in the mid-
dle of the streets and heavy firing
by the police and militia, who were
finally forced to abandon the street,
was reported. Armored cars were
ordered. At one time the pepper
of bullets resembled a hail storm.

During the fighting yesterday and
last night two persons were killed
and six wounded.

BELFAST, Aug. 30.—Rioting con-
tinued throughout this afternoon
and resulted in the death of two
more persons. Persons wounded in
the engagements were taken to the
hospitals.

ADA BOY KILLED IN ACTION WILL BE BURIED HERE

A telegram was received in Ada
Tuesday morning from the War
Department by Alfred H. Armstrong
stating that the body of his son,
Huey C. Armstrong, formerly private
first class, Company B, 141st Regi-
ment, 36th Division, who was killed
in action October 3, 1918, in the
Meuse-Argonne offensive, has ar-
rived at Hoboken and will be ship-
ped here immediately.

Although no funeral arrangements
have been made, the services prob-
ably will be in charge of the Nor-
man Howard post, American Legion,
and the body laid away with full
military honors. Announcement of
the date of the funeral will be
made as soon as the body reaches
Ada.

SWEET PRELIMINARY IS SET FOR SEPTEMBER 8

Continuation of the preliminary
hearing of H. L. Sweet, now being
held in the county jail on a charge
of forgery was granted by Justice
of the Peace H. J. Brown Monday
upon petition of the counsel for the
defense. A new date for the hear-
ing was fixed as September 8. This
is the second time this case has
been postponed. Sweet was granted
his first continuance on August 19.
The preliminary of O. J. Sheers
and Joe Brown, charged with the
theft of an automobile here early
in August will be held before Jus-
tice Brown on September 8, also.

LEGION POST HEADED FOR SCENE OF TROUBLE

(By the Associated Press)
WELCH, W. Va., Aug. 30.—Five
hundred members of the M. A.
Dowell Post No. 8 of the American
Legion, under the command of
Major W. E. Eubank, left Welch at
noon today in automobiles for Logan
county. A message received here
from Sheriff Hatfield, who is in
Logan county, states that the ten-
sion was high and that trouble was
expected momentarily.

GERMAN PEACE TREATY SENT SENATE SEPT. 21

(By the Associated Press)
WASHINGTON, Aug. 30.—Federal
action may be taken in the West
Virginia situation before night, it
was indicated today at the White
House. The nature of the proposed
action was not made known, though
it was said President Harding and
responsible officials of the war de-
partment were awaiting reports from
an investigation already under way.

ASK PRESIDENT TO HELP QUIET MINE TROUBLES

2500 Men May Be Drawn
Into Conflict at Any
Moment, Report.

LIKE BELGIAN FRONT

Police and Miners Occupy
Camps on Opposite Sides
of Mountain.

(By the Associated Press)

CHARLESTON, W. Va., Aug. 30.
—Last night was one of uncertain-
ty as to what was happening along
the Logan-Boone county line and
early today it was much the same.

The latest reports were a repeti-
tion of those yesterday, no more
assuring, no less alarming. Adjut-
ant-General Charnock was back in
the capitol last night after a hur-
ried trip through the district Sun-
day night and yesterday. The word
picture painted of the situation in
Charnock's report last night was
so alarming that Governor Morgan
sent an appeal to President Hard-
ing requesting immediate aid.

In his request addressed to the
chief executive and the secretary
of war he stated that during his
trip Charnock had commanded
bands of armed men to disperse,
but that they had refused to do so
and maintained patrol on roads a-
long the boundary line of the two
counties, Chesapeake and Ohio
trains were commandeered to con-
vey contingents to the armed camps.
Telephone wires were cut and ef-
forts to establish communication
were fruitless, the governor said.

A starting report was sent to
Charles F. Feeney, president of
district 17, of the United Mine
Workers as follows:

All Men Armed
"With all males from the ages
of 14 and 60 armed, women and
children fleeing in panic over the
line into Boone county, armed re-
bels arising and departing contin-
ually, and every available convey-
ance carrying supplies to picket
posts in the hills, the Sharples-
Blair sector may well be compared
with the Belgian frontier in the
early days of the world war.

"On the north side of the moun-
tain which serves as a watershed
to both the Poles and Wayandott
rivers lies the camp of the miners.
A similar situation on the south
side of the mountain is to be
found in the camp of the Logan
deputies and state policemen. The
miners have advanced their lines
further into the hills.

"Should these forces clash in
battle it would draw a total of
2,500 men into action. Along the
tops of the ridges are trenches and
breastworks of rock and felled
trees."

3000 ARMED MEN ARE ASSEMBLED AT JEFFREY

(By the Associated Press)
CHARLESTON, W. Va., Aug. 30.
—Between 2,000 and 3,000 armed
men have assembled at Jeffrey in
Boone county close to the Logan
county line, according to advices
received here today. They are
within easy striking distance of the
disturbed section of Logan county
where four men were killed in a
fight with state troops and deputy
sheriffs Sunday morning.

The authorities have been infor-
med that some 75 automobiles carry-
ing armed men dashed out of the
Cabin Creek valley near here this
morning and, passing Marmet, went
up to Lens creek valley along the
line taken by the men who set out
to march to Mingo county last
week.

LEGION POST HEADED FOR SCENE OF TROUBLE

(By the Associated Press)
WELCH, W. Va., Aug. 30.—Five
hundred members of the M. A.
Dowell Post No. 8 of the American
Legion, under the command of

sion was high and that trouble was
expected momentarily.

GERMAN PEACE TREATY SENT SENATE SEPT. 21

(By the Associated Press)
WASHINGTON, Aug. 30.—The
treaty of peace with Germany,
which was signed last Thursday at
Berlin will be sent to the senate on
September 21, the day congress re-
assembles after its 30 day recess, it
was stated today at the White
House.

EVAPORATED DOLLARS

In what way are you losing money during this period of deflation—the shrinkage of prices and values?
Maybe your wages have been cut.
Or you're out of a job.
Or your business has stopped paying profits.
Or you have good stocks that have suspended dividends.
Or you bought a home at high prices, and, watching its replacement value decline as building costs creep down, you fear that most of what you have paid has been wiped out.
Everybody's in the same boat. In one way or another, we are all losing. The war-time paper millions are evaporating and it takes from each of us as surely as the hot sun over a pond takes from each drop of water on the surface.
Even John D. Rockefeller, richest man in the world, is losing. Profits may still be coming in from his gasoline, but the shrinkage of his fortune by decline in the value of his stocks and bonds run into the tens of millions.
Here's Louis K. Liggett, a big figure in Wall Street and in international business. Deflation has caught him in its coils. His attorneys draw up papers transferring all of his personal effects to three trustees for the benefit of his creditors.

In an intimate letter to the stockholders of the great business—United Drug—which he built up, Liggett assures them that his plight is personal and in no way affects the corporation back of the stocks.

Liggett believed so thoroughly in his own business that he, in his enthusiasm, came to grief by overbuying of its stocks. Then the stock market broke, and Liggett writes.

"My assets have shrunk in their market value over \$5,000,000 in the last eight months.

"As I dictate this letter, my mind goes back to 18 years ago when we started, and to the men who put up the money to help me start this business. I see the original 14 employees, and I see it now—a tremendous organization doing business throughout the English speaking world with over \$100,000,000 annual sales, with intrinsic values back of it that do not justify the sale of any of our stocks at the present market price."

There, in Liggett's loss, is a mighty tragedy for you. Shakespeare could have made it into a play.

Compare your lot with Liggett's. Are you glad you didn't have the millions to lose?

There is one consolation for you as war-time values evaporate and you swallow your losses.

The consolation is this—that, while the number of your dollars may be steadily shrinking, the buying power of each dollar you have left is growing.

In the long run, your real wealth is your buying power, not the face value of your money.

So, too, with your income.—Oklahoma News.

ALL ABOARD FOR PONCA CITY

Ponca City boasts of the best press agent in Oklahoma. No other town in the state gets as much publicity and now our hats are off to this genius of the typewriter for his latest stunt. In a dispatch to the Oklahoman he tells of a young man of such a timid and shrinking nature, but with an attractive personality, who has been greatly annoyed by the girls making goo goo eyes at him every time he appears on the streets and has appealed to the police for protection against these vamps.

If that story does not greatly increase travel to Ponca City and add many dollars to the bank accounts of the hotels and perhaps the real estate men the press agent might as well quit the game right now. There are not many men with the shrinking nature of the young man mentioned and those who envy him his good fortune will lose no time in making an investigation by exposing themselves to the wiles and the smiles of those young ladies, more especially if they measure up to the girls of other parts of Oklahoma in the matter of looks.

A LESSON FOR ANY COMMUNITY

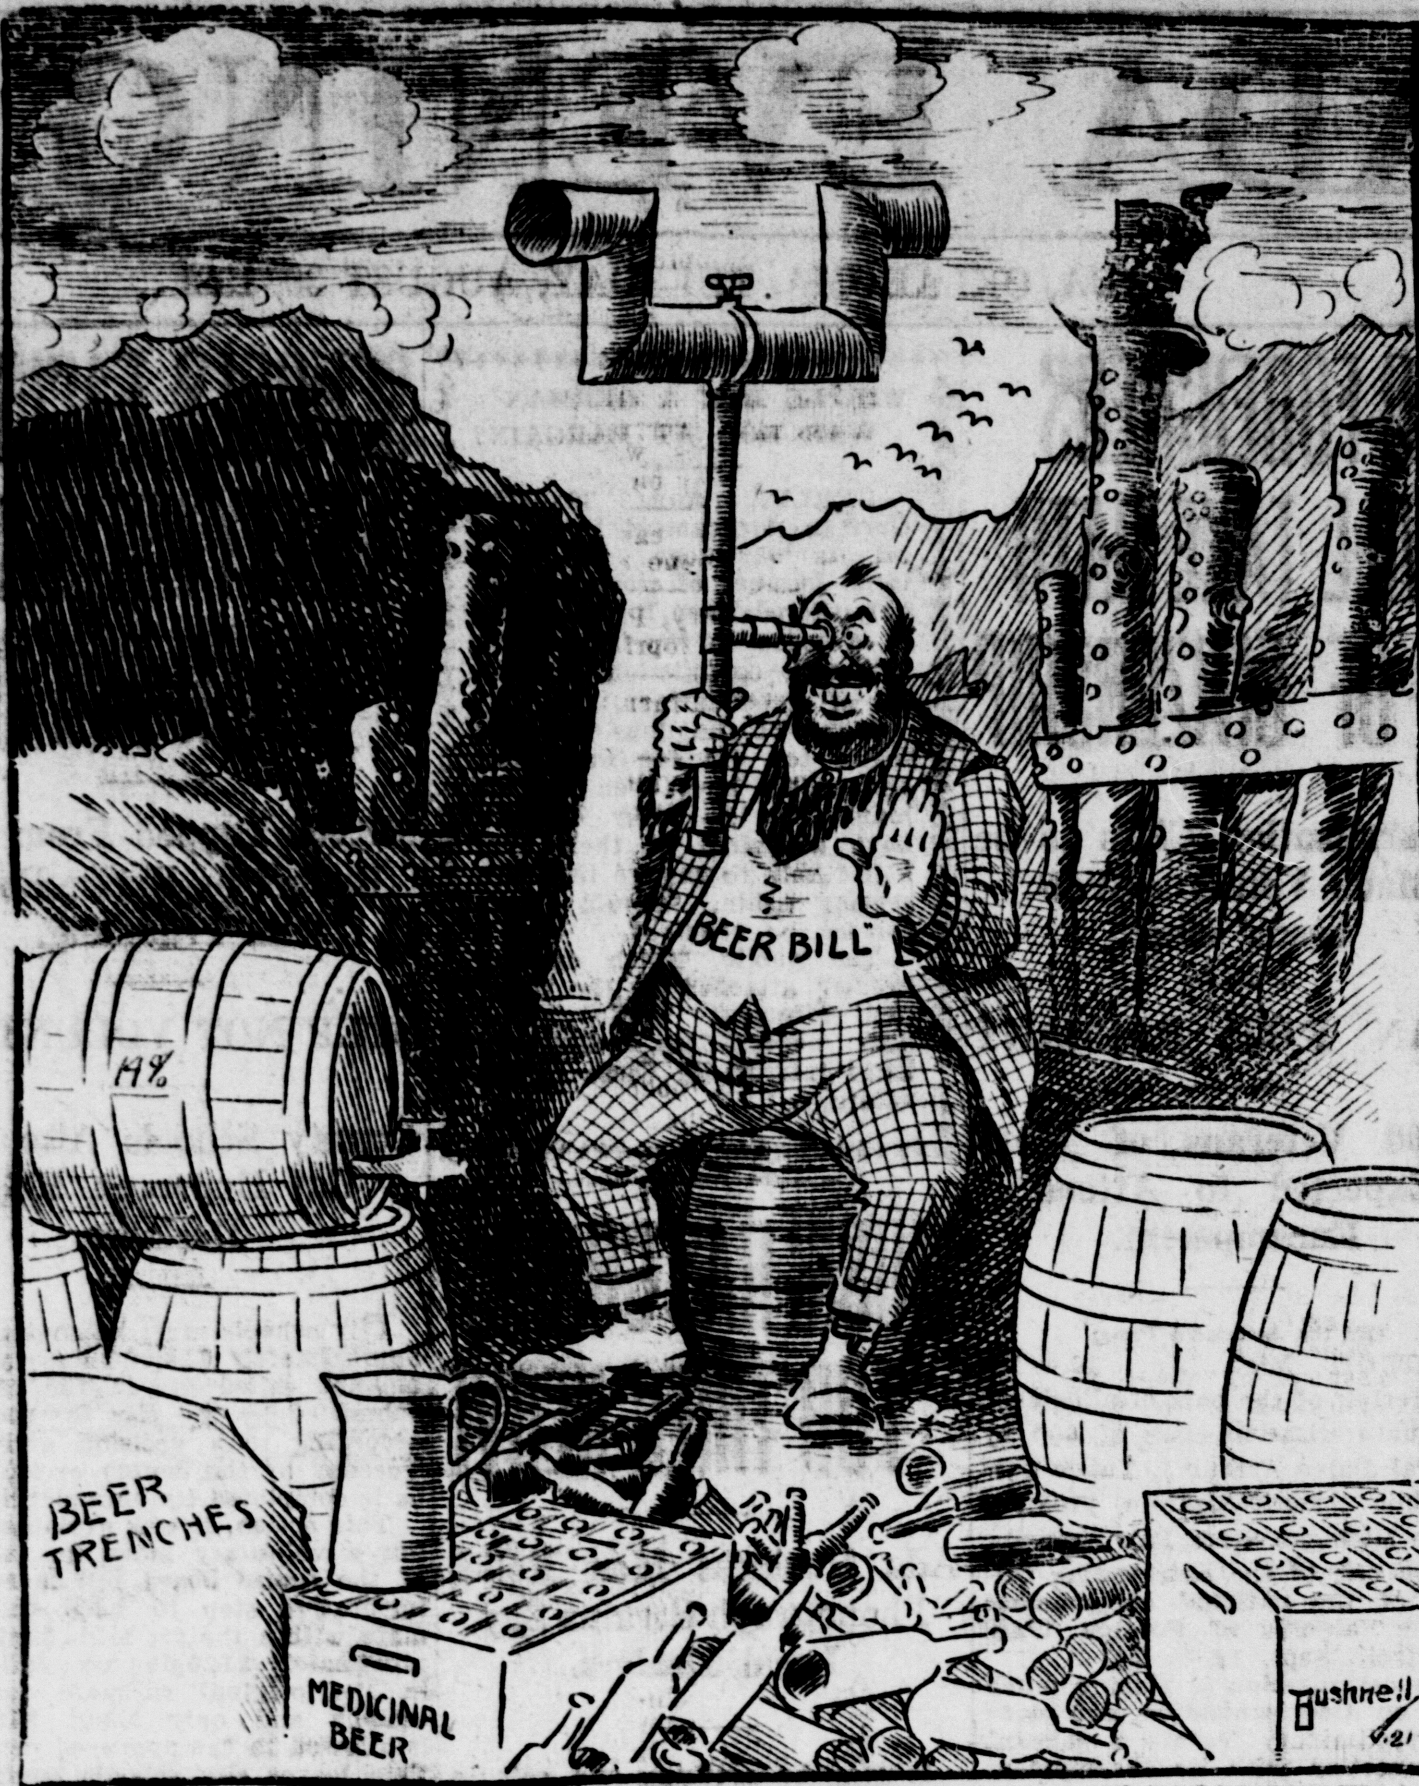

A few weeks ago a negro was placed under arrest in Wichita Falls under suspicion that he had committed a grave crime. On the night following his arrest a mob proceeded to the county jail and demanded that the negro be turned over to them. The first mob which was composed in part of boys and women failed to get the negro and later during the same night, another mob formed and marched to the jail and again demanded the negro. In the meantime the negro had been spirited away by the officers to a jail in another county. Representatives from the mob were permitted to search the jail to satisfy the mob that the negro was not there.

Had the mob gotten possession of the negro there is no doubt but that he would have been killed and probably a serious race riot would have ensued.

It later developed not only that the negro under arrest was innocent of the attack but also that the attack had not been made by a negro.

By good fortune the mob escaped the crime of the murder of an innocent negro. The incident has its lesson for this and every other community.—Wichita Falls Times.

A LULL IN THE BATTLE

"VAMPS" WHO MADE HISTORY

By JAMES C. YOUNG.

(By McClure Newspaper Syndicate.)

FROM PALACE TO GUTTER AND BACK AGAIN.

THE story of Bianca Capella might well be called "The Face at the Window." She was born in 1548, daughter of a great Venetian noble. And no girl ever had a more alluring future. But love interfered and she ran away with a poor bank clerk to his home in Florence. He had told her that his parents belonged to the gentry. Instead, she found them living in a miserable slum.

Bianca soon became celebrated as the flower of the Florence slums. One day she was sitting at the window when Francesco de Medici chanced by. He saw her lovely face and the next day she was summoned to court. Francesco was the son of the grand duke, and soon her slave. She had sickened of the bank clerk husband and the trials of poverty.

Francesco's father died and he became grand duke. Now Bianca saw her chance to a place beside him. A child was borrowed and presented to Francesco by Bianca as his own. Then, to conceal her plot, the real mother was slain. A waiting woman who knew of it was carried to a mountain pass and left there for dead. But adherents of Francesco's brother found this woman and heard her story before she died. The brother was a cardinal and jealous of Bianca's rise to power. In some way she learned that the cardinal knew her secret, and boldly confessed it to the grand duke. Francesco, infuriated, forgave her and insisted on treating the child as if it really had been his own. But Bianca's troubles were only multiplying. For Francesco's wife bore him a son when all hope of his having an heir seemed lost. It looked as if Bianca's day was over. But she left Florence a year, then returned in greater favor than before. And soon the duchess died, her young son following her shortly afterward. There were hints of poison at Bianca's instigation. However, that may have been, the duke married her within two months. The child first given to Francesco as an heir was legitimized and it appeared that an unknown founding would some day rule Florence. But Bianca still had one implacable enemy, the Cardinal de Medici. In an effort to make friends she invited him to a great feast and merry-making. Just what happened may never be known. Some historians say that Bianca had prepared a poisoned tart for the cardinal, but that he substituted it for another tart, unpoisoned, and it was served to the duke. When Bianca saw her husband in deadly agony, it is said she realized what had happened and ate the other half of the poisoned dainty. Both were soon dead and Bianca's enemy had won.

Stammering Can Be Cured

Selecting Teachers

(Enid Events)

The demand for good educational facilities has never been so strong as in recent years, yet good teachers have been unusually hard to find, owing to the greater numbers of young women who enter business careers. School boards who have to find and select teachers for the schools in this city and county are entitled more to sympathy than to criticism. Even if there are plenty of fairly qualified candidates, it is never certain who will best serve in a vacant position. A teacher may be splendidly equipped in all technical training, yet she may lack those magnetic gifts that arouse and inspire the pupils. Parents are frequently notional in the demands they make on teachers. They have been known to complain because a teacher was not tastefully dressed, when it would have taken a big slice out of the girl's salary to meet their requirements and style.

The modern teacher needs to have had a good professional training. The college girl who has never studied the methods of instruction would not as a rule be as well qualified for work in the grammar grades as those who have had normal school training, and who have studied the ways in which other teachers have won success. The best qualification for school work is the ability to communicate ambition. Some women who know little of modern educational methods, yet have a mysterious power that arouses sleepy children from their lethargy and makes them want to get out in the world and do things. Personality is what counts, and it is difficult to tell who has this elusive quality. The quiet and reserved girl who seems to lack it, may yet have a gift of awakening children's minds, while others who are bubbling over with vivacity are all talk and no depth. Selecting teachers involves a good deal of investigation to ascertain what results the applicants had in former places. Those who are picked simply on their personal appearance and record of school courses taken, often prove disappointing.

Phone 4 is the place to get service in job work or advertising.

YEAST BRINGS HEALTH WHEN RUN DOWN

Strenuous Life Exhausts Vitality Because Vitamins Are Lacking—Yeast Tablets Supplying Them.

Certain wonderful little elements, called Vitamins, have been found to be absolutely essential to health and vitality; and they must continually be supplied to the impoverished body, just as we fertilize exhausted land. Yet most modern diets, principally made up of meat, potatoes, prepared foods, polished rice, etc., are lacking in vitamins. And now the great discovery has been made that yeast contains millions of vitamins. A little yeast added to the average diet causes children to grow more sturdy, checks the signs of old age, and builds up run-down systems. Yeast has also been found to be a splendid remedy for boils, skin troubles, etc.

The wonder working power of yeast is now common knowledge, proven by hundreds of experiments in great medical institutions. Thousands now take yeast in some form—but it is not enough to take common yeast, which is intended only to aid in making bread. The common yeast cake is only a make-shift because it contains about 80 percent starch and water and only about 20 percent yeast.

The liquid yeast of fermentation, concentrated and combined with iron and other tonic ingredients, is the scientific vitamin treatment. Now a new tablet has been worked out by famous chemists, which supplies this special yeast in just the combination to do you the most good. This tablet, called IRONIZED YEAST, is sold by all druggists, packed in sanitape package convenient to carry in the pocket.

They are pleasant to take and will not nauseate. The tablets cost but a fraction more to the dose than common yeast, and are much more effective. Each package contains 10 days' treatment and costs only \$1.00—or only 10c a day. You will notice the benefits before you have finished your first box. Prevent run-down condition—take the yeast road to health. Get a package of IRONIZED YEAST today. Special directions in the package for children.

IRONIZED YEAST Tablets
HIGHLY CONCENTRATED VITAMINE TONIC

SELLING HOSPITALS TO HEALTHY IS AIM

CHICAGO, Aug. 30.—"Selling" the hospitals to the healthy is the task chosen for themselves by hospital officers and executives in all parts of the country who will meet here Sept. 10 under the auspices of the National Hospital Day Committee to discuss ways and means of arousing greater interest among the public in hospital service.

According to Matthew O. Foley, executive secretary of the National Hospital Day Committee, hundreds of columns of paid advertising were used in all parts of the country on National Hospital Day, May 12, the anniversary of the birth of Florence Nightingale, to educate the people as to the true function of the hospital and to invite residents of communities to visit the buildings.

This day, it is estimated, brought about 250,000 visitors to nearly 2,000 hospitals and it was so successful that it will be an annual event.

Representatives of hospitals which were unusually successful in arranging National Hospital Day programs and in obtaining the co-operation of civic and religious leaders in observing the day will tell the visitors how these results were accomplished, and the meeting will be devoted to other practical subjects relating to winning public interest.

Following the meeting the visitors will inspect some of Chicago's big hospitals.

The meeting is to be held just in advance of the American Hospital Association convention at West Baden, Ind.

The Care of Children's Eyes
Right now, at the beginning of school, you should make sure that your child's eyesight is unimpaired. Many a scholar has found it impossible to study because of eye trouble and many children are cross and irritable from the same cause.

Lack of glasses at this stage may bring a lifetime of eye trouble—and expense.

LEGION POSTS TO FIGHT FOR NEXT MEETING

(By the Associated Press)

OKLAHOMA CITY, Aug. 30.—The program for the third annual convention of the American Legion of Oklahoma, to be held at Enid, September 26 and 27, was announced here today at the office of the state commander.

Numerous intimations have been received by the state commander, H. B. Fell, he said today, that the election of a convention city for next year probably will be the high light of this convention, after the work of the past year has been discussed.

A four corner fight for the convention is looming, he said, with Ponca City, Bartlesville, Lawton and Shawnee posts opening campaigns. Other posts have signified their intention of making the fight after the convention has assembled, he said.

Ponca City, it is understood intends to bring a band to the convention, and other attractions. The other three posts now are sending out literature, and all are said to be preparing exhaustive briefs on the advantages of their city for a convention.

The afternoon of the first day, and the entire second day, is to be taken up with committee reports, election of officers and the selection of a convention city for 1922.

Open Eating Houses Must be Kept Clean or Go, Officer Says

ARDMORE, Aug. 30.—An open eating house is all right if it is properly constructed, carries proper drains, and keeps out flies, otherwise it must go, is the decree of Mrs. T. H. Sturgeon, state sanitary officer, who has returned here for a final check of the city.

"Flies, mosquitoes, and in fact all insects are attracted by a food shop which is improperly drained, and which is unclean from a standpoint of sanitation," Mrs. Sturgeon said. "Therefore, it's either 'clean-up or clean-out,' and this order will be enforced. It is an advantage to the people themselves, and may benefit them greatly," she said. "Any of them realize that, and are helping. We have received very few evidences of lack of cooperation," Mrs. Sturgeon concluded.

The following ladies want washing and ironing at 80c a dozen:

Mrs. L. L. Hensler, 411 West Twelfth street; mainly for men, shirts being a specialty at 10c each.

Mrs. Nora Corbin, 330 West Fourteenth street.

Mrs. Minnie Wauson, 313 North Cherry ave.

MRS. ORVILLE SNEAD, for United Charities.

Sooner Coach Only Veteran Mentor Left After Sweeping Changes Felt In Missouri Valley Football Staff

(By the Associated Press)

CHICAGO, Aug. 30.—Veteran coaches, men who have spent years in the individual positions, will be missing in the history of this year's Missouri Valley Conference football.

So great have been the changes in the big conference, west of the Mississippi river, in the recent months that Ben G. Owen of the University of Oklahoma, will be the only head coach with more than a year's tenure of office. Owen has been at Oklahoma for a number of years, but last year was his schools first championship in the conference. He had met conference teams on even terms, however, and the team he piloted to the Valley championship was well known to the players of the Valley as that of any of the schools with a previous membership in the organization.

Three schools will have coaches enjoying their second year of work under the rather ideal conditions of sport competition the organization offers. These schools are Grinnell with W. H. Saunders, the Kansas Aggies with Charles W. Bachman, and Washington University with G. L. Rider. "Bud" Saunders was a quarterback on the University of Missouri a decade ago and is an athletic product of the district. "Charley" Bachman was a quarterback on the University of Missouri a decade ago and is an athletic product of the district. "Charley" Bachman was a quarterback on the University of Missouri a decade ago and is an athletic product of the district. "Charley" Bachman was a quarterback on the University of Missouri a decade ago and is an athletic product of the district.

Five New Coaches.

Drake University, Iowa State College, Nebraska, Kansas and Missouri universities all have new head

COUNTY SCOUTS REVEL AT CITY LODGE TUESDAY

It's a high time at the city lake and scout lodge this week for Boy Scouts from Fitchburg and Allen who are here for their first annual outing since the organization of scout troops over the county last year. There are sixteen boys and two scoutmasters at the lake now, and reports from there state that the boys are having the "time of their young lives."

The scout lodge, only recently opened, is being used as a home for the boys. Swimming, fishing, and boating are being had in plenty and the boys are making the most of them, the report said. Others from Francis Stonewall and Roff are expected to come before the end of the week for a few days outing.

Rev. Perry Blue of Allen and Rev. Thomas Coffey of Fitchburg are in charge of the boys at the camp. The first truck load arrived in the city Monday.

BUY DISTANT COTTON FUTURES IS ADVICE

The great shrinkage in consumption was probably the only cause that kept cotton from jumping to \$1 per pound this season. This is indicated by the government estimate of an 8,203,000 bale yield as compared with last year's 13,366,000 bale yield, 11,421,000 bales two years ago and 12,041,000 bales three years ago.

Those who believed back in 1920 that the 1921 season would see cotton futures at \$1 per pound had visions of the demand keeping up at its previous rate. During the 1919-1920 season the United States consumed a total of 6,419,734 bales. Had not domestic use of cotton in the year ended July 31, 1921, decreased to 4,888,000 bales (because of general industrial depression there would have been no telling just to what heights cotton futures might have soared. We say this because of an indicated crop this year of 8,203,000 bales, had consumption run 6,420,000 bales, there would have been left an indicated "hang over" of only 1,783,000 bales. To the layman this may mean little until we tell him that the exports of cotton out of the United States last year totalled 5,724,884 bales.—E.

CONVINCING PROOF

That Lydia E. Pinkham's Vegetable Compound Has Extraordinary Curative Power in Cases of Woman's Ailments

Columbus, O.—"I suffered very much pain during my monthly periods and felt weak and all run down. I tried many remedies and the doctor said I would have to have an operation. Then before my baby was born I had terrible pains in my sides. I took Lydia E. Pinkham's Vegetable Compound and it helped me wonderfully. I have had two children since I began taking your medicine and did all of my own work including washing while carrying them. I can also recommend Lydia E. Pinkham's Sanative Wash. You may use this letter as a testimonial if you wish."

—Mrs. THOMAS L. CHRISTY, 704 West Mound St., Columbus, Ohio.

Such a condition as Mrs. Christy was in points directly to a deranged condition of a woman's system, and by following her example taking Lydia E. Pinkham's Vegetable Compound, women may be relieved from such ailments and be restored to normal health and strength just as she was.

If there is anything about your condition you do not understand write Lydia E. Pinkham Medicine Co., Lynn, Mass., in regard to your health.

gation of the organized institution by John Clinlin, assistant, United States District Attorney. Complaint received during the past three days formed a basis for the inquiry, Col. Clinlin said.

FIRE LOSS LOWER
CONNALLY STATES

Business Conditions for
1920 More Depressing
Than for 1919.

(By the Associated Press)
OKLAHOMA CITY, Aug. 30.—A survey of economic conditions in Oklahoma is contained in the annual report of John Connally, state fire marshal, made public here today, since business depression and economic conditions generally are reflected in the work of the department, Mr. Connally says. His report is in the hands of the printer.

Business conditions in 1920 were slightly more depressing than in 1919, according to the report which shows a total fire loss in Oklahoma of \$5,303,808.80 for 1920, compared with \$2,987,026.91 in 1919. The most depressing period in Oklahoma since statehood, according to the fire marshal's comparisons, was in 1917, which \$5,555,656.67 represented the fire loss of the state.

The outlook for this year is bright, according to Connally, who stated that the number of arson cases reported so far is much less than in the same period last year. "The entire business of reflection of hard times can be shown more clearly in reports of arson and I think eventually the state can be rid of the man who burns his home to collect the insurance," Connally says in his report. "When times get hard," he continues, "the unprincipled man begins immediately to think of a way easy to make money, seemingly, and he burns his home or business house to the ground to collect the insurance."

There were 56 persons in Oklahoma who attempted to burn their homes and were prosecuted for arson in 1920, the report shows. There were fewer cases in 1919, but in 1917, approximately 115 arson prosecutions were made.

"All these fire causes may be checked," Connally says, "and one of the most effective means is by an educational campaign. Text books are being placed in Oklahoma schools by this department, in cooperation with the board of education, and the fire departments of the state are being trained now so that their principal work is that of inspection for prevention."

LOW SALARIES GIVEN
TEACHERS OF STATE

The average salary of teachers in Oklahoma for the year 1920-21 was only \$716.98, according to statistics recently prepared by R. H. Wilson, state superintendent of public instruction.

"The salaries of Oklahoma City school teachers, \$1,800, may be very low, but when the fact that this is nearly three times the average is shown, the true condition of wages in the teaching profession may be seen," Wilson said.

His report shows that the average cost of teachers' salaries for each child educated was \$19.08.

Comparative figures upon the number of women and men in the profession show an unusual preponderance of women, especially in the lower grades. In the grades there are 16 men and 84 women teachers out of a hundred, or five "school mams" to every man. In high schools there were 39 men and 61 women. This proportion, when all schools are considered, is four women to one man.

Commercial Printing with class is the kind you get at the Ada News Print Shop. Prices are as low as excellent work will justify.

TERRITORIAL SOLON IS
DEAD AT GAINSVILLE
GAINSVILLE, Texas, Aug. 30.—

E. B. Allen, former member of the territorial legislature of Oklahoma,

died suddenly at his home here yesterday. He was a resident of Gainsville for forty years with the exception of a brief period's stay at Noble, Oklahoma.

FORMER SERVICE
MEN WILL MATCH
SKILL IN GAMES

(By the Associated Press)
OKLAHOMA CITY, Aug. 30.—Entries in the various tournaments to be held at the time of the annual convention of the American Legion at Enid on September 26 and 27 are already being received by Dr. P. E. Courtney, adjutant of Argonne Post No. 4, from all parts of the state. Post adjutants are filling the names of men who will compete for the prizes.

Entries in the horse shoe pitching tournament appear to be heavier than in golf and tennis. Fourteen posts had written Courtney on Monday of this week asking to enter teams. Tennis stands second and golf third.

No rifle range has yet been found by the Enid post to be utilized for the proposed championship marksmanship contest. The range is the only thing lacking. Rifles, ammunition and targets have been offered by Charles F. Barrett, Adjutant General of the Oklahoma National Guard.

Baseball Challenge Out
Russell Litchfield post No. 7 has issued a challenge to any post of the American Legion of Oklahoma to a game of baseball at the time of the annual reunion. "We have the best team of Legion men in the state and will play for any city, county, state or national championship," Leon H. Brown, post commander, wrote to state headquarters in announcing the challenge.

It is expected that a deluge of calls will be given the host of the Blackwell commander and that the arrangements committee will find it necessary to hold a baseball tournament in addition to the meets already scheduled.

Do you have a lot for sale, a house, an automobile, a cow, horse or anything else that somebody else wants? The quickest, cheapest and most satisfactory way to dispose of this is by using a "for sale" ad in the Ada Evening News.

CHICAGO ROBBERY
NOW BELIEVED TO
TO BE FRAME-UP

(By the Associated Press)
CHICAGO, Aug. 30.—The robbery of the safety deposit vault of securities and deposits in the basement of the Masonic building Sunday night was a frame-up, according to a statement made today by Chief of Police Fitzmaurice. He added that he had evidence to prove a basis for his statement. The two attendants at the vault when four armed robbers rifled 17 safety boxes are still being held and police say they have information that will lead to the arrest of two others on the payroll of the concern. Officials of commerce yesterday estimated the loss at \$35,000 but police have a list of the owners of the looted boxes which totals up to \$140,000. They asserted that the owners of the boxes were probably withholding information regarding the amount of their losses.

Light Showers Over
State Break Period
of Depressing Heat

(By the Associated Press)
OKLAHOMA CITY, Aug. 30.—With light showers over the state during the 24 hour period ending at seven o'clock this morning Oklahoma generally experienced yesterday and last night a continuance of the slight respite for the excessive heat of last week.

According to reports to the United States Weather Bureau here the highest temperature in the state yesterday was at Pauls Valley and Lawton, each reporting 100 degrees. The lowest maximum was reported as 92 at Hammon. Vinita and McAlester reported 93 degrees and 94 was the maximum here.
